

PROGRAM REQUIREMENT OVERVIEW

A minimum 120 units are required to complete the Bachelor of Science (BSc) in Computing Science Program:

- Lower Division (51 - 52 units)
 - CMPT/MACM/MATH/STAT (36 - 37 units)
 - WQB courses (15 units)
- +
- Upper Division (45 units)
 - CMPT/MACM/MATH (39 units)
 - UD elective courses (6 units)
- +
- General Electives (varies)
 - to reach 120 units
 - take throughout your degree

A CGPA minimum of 2.40 is required to: access 200/300/400 level CMPT courses, and to continue in the program. See reverse for details.

COMPUTING SCIENCE MAJOR: FALL 2024 GRADUATION PLANNER

ACADEMIC REQUIREMENTS

LOWER DIVISION REQUIREMENTS (51-52 units):

* MACM 101, CMPT 225, CMPT 295 and CMPT 210, are necessary courses to enroll in most upper division courses.

- MATH 154/157 and 155/158 (with grades of B+ or higher) may substitute MATH 150/151 and 152 with permission of the School
- WQB requirements: Students are required to complete 6 units of writing (W), 6 units of quantitative (Q), 6 units of Breadth Science (B-Sci), 6 units of Breadth Social Science (B-Soc), 6 units of Breadth Humanities (B-Hum) and 6 units of Undesignated Breadth (UB). Computing Science students automatically fulfill their WQB requirements of 6 Q and UB units with MATH courses, 3 B-Sci units with MACM 101, and 6 W units with CMPT 105W and CMPT 376W. For complete WQB regulations please refer to: <http://www.sfu.ca/vpacademic/our-role/academic-planning/curriculum-development/general-education-wqb/wqb-requirements.html>

UPPER DIVISION REQUIREMENTS (39-45 units):

Breadth requirement (15)

- Complete five courses across the six columns of Table I. * CMPT 307 is mandatory and address one column. Choose four more courses, from different columns, from the other five columns of Table I.

Depth requirement (12)

- Four 400 level courses from Table I are required. These are in addition to the five breadth courses above.

Additional units for the BSc, BEd or BA Credential (3-9)

- BSc (9 units). Completion of MACM 316 plus two additional courses from Tables I or III
- BEd (3 units). One additional CMPT course from Tables I or III, to total at least 30 UD CMPT units
- BA (3 units). One additional CMPT course chosen from Tables I or III, to total at least 30 UD CMPT units, in addition to 15 units in the Faculty of Arts and Social Sciences (FASS), 6 of which must be UDFASS units

Writing requirement (3)

- CMPT 376W is required to satisfy UD W requirements

Notes on Upper Division Requirements

- The following courses may be counted in Tables I or III, with permission of the school: CMPT 318, CMPT 415, CMPT 416, CMPT 496, CMPT 497, and/or CMPT 498.
- The School requires CMPT major students to complete 39 UD CMPT/MACM/MATH units. The University requires completion of 45 UD units. Take an *additional 6 units* at the 300/400 level (CMPT or non-CMPT) to reach 45UD units.

GENERAL ELECTIVES

Completion of the CMPT major LD and UD unit requirements is less than the 120 units required for graduation. Take additional units to reach the University requirement of 120 units total.

FACULTY OF APPLIED SCIENCE RESIDENCY REQUIREMENTS

At least two thirds of the total Upper Division (UD) units in the program must have been completed at Simon Fraser University. At least two thirds of the UD units in the courses of a school offering a program (or jointly offering a program) must be earned through that school at Simon Fraser University.

CONTINUATION REQUIREMENTS

Students who do not maintain at least a 2.40 CGPA, will be placed on probation by the School of Computing Science. Probationary students have limited access to CMPT 200/300/400 level courses. Develop a course plan with an advisor every term until GPA requirements are met.

CALENDAR CONCENTRATION (OPTIONAL)

In the course of completing the CMPT major, students may have completed one or more areas of concentration. In the SFU calendar, a concentration is comprised of four courses in one column from Table I, with at least two of the courses at the 400 level.

CO-OPERATIVE EDUCATION (OPTIONAL)

Combines work experience with academic studies. All students are encouraged to join to experience the benefits of applying academic studies to work and work experience to academic studies. Note: Co-op units are not academic credits. Successful completion of three co-op terms results in a co-op designation on the BSc degree parchment. For more information about Co-op, please see: <http://www.sfu.ca/coop/programs/cmpt/prospective.html>.

FAS ADVISING

FAS Advisors are available for in-person booked or online drop-in advising, at the Surrey and Burnaby campus. Advising schedule: <https://www.sfu.ca/fas/current-student/advising.html>. Kindly have a recent soft or hard copy of your advising transcript at the advising session: <https://www.sfu.ca/students/enrolment-services/records/transcripts/advising-transcripts.html>

This is ONLY a guideline. Refer to the SFU Calendar for full and complete regulations: <https://www.sfu.ca/students/calendar/>
